ABOUT THE X6HWSR

CAPACITY & OPTIONS

The total capacity of the rack is dependent on the thickness of the weight plates used. The pegs are 7.25" long (18.5 cm) and spaced far enough apart to allow for all 45 lb plates.

The standard rack comes with three double sided horizontal weight storage members. The rack is also available as a universal storage rack or can be customized to include a combination of trays and weight storage.
